

27 JUL 1977

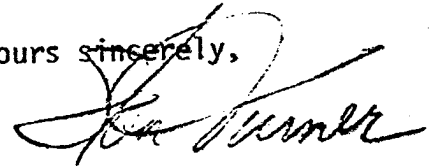

Dear

STAT

Thanks for your very thoughtful initiative in following on to our conversation of the 22nd regarding ways to make the proposed Agency tours interesting and educational. I think your concept has a great deal of merit. I am passing it on to the people who are working on this and will encourage them to follow through.

I thoroughly enjoyed the opportunity to visit with the representative group of interns and look forward to meeting all of you later in the summer.

Yours sincerely,

STANSFIELD TURNER
Director
